February 2026

Code

React

```
import React, {useState} from 'react';
import './Count.css';

function Counter(){
  const[count,setCount] = useState(0);

  return <fieldset>
    <div>
      <p>{count}</p>
      <button
        onClick = {()=>setCount(count-1)}

      >decrement</button>

      <button
        onClick = {()=>setCount(0)}

      >reset</button>

      <button
        onClick = {()=>setCount(count+1)}

      >Increment</button>
    </div>
  </fieldset>

  };
export default Counter
```

Style

```
fieldset{
    width:250px;
    text-align: center;
    height: 80px;
    margin-left: 630px;
    margin-top: 250px;
    background-color: aliceblue;
}
button{
    color:black;
    background-color:bisque ;
}
body{
    background: url(count\ Number.avif);
    background-size: cover;
}
```

Output
